

**ATLANTIC MOTEL
391 OCEAN BOULEVARD
HAMPTON BEACH, N.H.**

Pet-Friendly Policy

Starting in 2005 the Atlantic Motel has opened its doors to travelers with pets. In the beginning it was on a trial basis; believe me we had several bad experiences; as a result we have fine tuned our policy during the summer seasons of 2005 & 2006. Here is the result.

If you are traveling with a small or medium sized dog of 40 pounds or less we would be glad to assist you with a reservation. During your visit here at the Atlantic Motel you will be responsible for all actions of your pet.

We have 8 rooms designated as pet-friendly.

5 are standard side rooms with 2 double beds.

2 are standard suites with one queen and 2 twin beds.

1 is an oceanfront room with 2 double beds and a small private balcony.

Be sure to tell us that you will be traveling with a pet when you are making your reservation. Unless we are aware of your needs in advance we may not be able to assist you at check in. Please be advised, as a registered guest, your pet is not permitted to go into the pool area or into a non-pet designated room. We mention this since we also have several guests that have indicated an allergy to animals and we want to provide a pleasant visit for everyone.

The Motel parking area, a gravel lot located diagonally beside the Motel is a convenience area for walking your dog; we will also have small plastic bags for your convenience. Trash receptacles are located on the same side of the building. Be sure to respect other guests and abide by local laws.

Sincerely,

The Staff of the Atlantic Motel
